

Console Arm Extension Kit 002-1079-00

Components:

- Set Screws (#10-32 x 1/4") .. 4
- Extension 1
- Instructions, Installation 1

Special Tools:

none

Intended Use:

To increase the height of a console mounted unit arm that is mounted to a chair other than Midmark.

NOTE:

The tubing and wiring that is routed thru the arm must be disconnected before separating arm from console.

Step 1: Disconnect tubing and wiring from console.

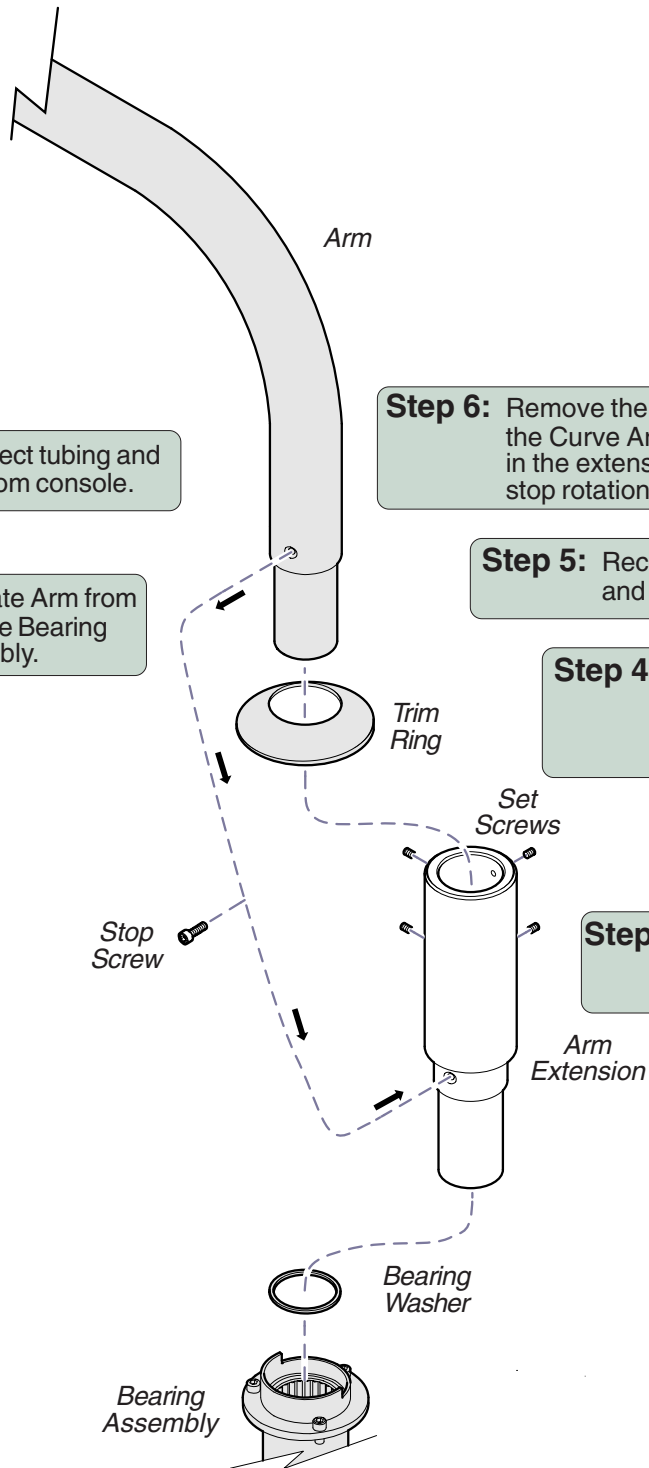

Step 2: Separate Arm from Console Bearing Assembly.

Step 6: Remove the Stop Screw in the Curve Arm and place it in the extension to provide stop rotation.

Step 5: Reconnect all wiring and tubing.

Step 4: While feeding wiring and tubing thru extension into console, insert arm into extension.

Step 3: Install Arm Extension onto Console Bearing Assembly.
